The screenshot displays the Mercury Tours website interface. At the top, there's a banner for "one cool summer ARUBA" with a "SIGN IN" button. Below the banner, a navigation bar includes links for "HOME", "FLIGHTS", "HOTELS", "CAR RENTALS", "CRUISES", "DESTINATIONS", and "VEHICLES". The main content area features a "Featured Destination" section for Aruba, a "Find A Flight" section with a login form, and a "Specials" section listing various flight deals. The login form includes fields for "User Name" and "Password", and a "Sign In" button. The "Specials" section lists flights from Atlanta to Las Vegas, Boston to San Francisco, Los Angeles to Chicago, New York to Chicago, and Phoenix to San Francisco, all with prices starting at \$198. A "Tip #33" section at the bottom provides travel advice. The footer contains copyright information for Mercury Interactive.

ARUBA

This island is surrounded by coral reefs, offers guaranteed sunshine and is blessed with beautiful beaches. Luxury resorts have taken up residence along most of the beachfronts on the southern coast, but there are still undeveloped areas on the exposed northern coast, and much of the interior is inhabited by nothing more substantial than goats.
